Fescue Toxicosis and Management

Craig Roberts, John Andrae

Fescue Toxicosis and Management Craig Roberts, John Andrae

Fescue Toxicosis and Management discusses the most devastating problem in forage-livestock agriculture and tells how to manage it. Readers will find an easy-to-understand description of this complex problem, along with recommendations that are practical for real farm use. Learn the best management techniques: endophyte testing | spray-smother-spray | use of tall fescue with novel endophytes | alkaloid management | incremental alleviation | livestock rotation | dilution with other forages | supplemental feeding | hay ammoniation | winter grazing management | and more...

The American Society of Agronomy, Crop Science Society of America, and Soil Science Society of America are prominent international scientific societies headquartered in Madison, Wisconsin.
