After being arrested, living in the shadow of his father's legacy, and being attacked by magical creatures and other mages alike, Hayden Frost was amazed that he survived his first year at Mizzenwald. At least he knew, going into his second year, that things couldn't possibly get any worse...right?

In the second book of The Broken Prism series, Hayden is confronted with a whole new set of problems: crowds cheering while he fights for his life against much more skillful mages; old enemies and new, determined to see him fail; watching his friends die, powerless to prevent it. Delving into his past becomes his only hope of surviving the future, and forging new alliances is more important than ever.

Except that one of Hayden's greatest allies has been keeping a secret from him that will change everything...
