Productivity is hard. Accomplishing big goals is even harder, and trying to grow a business or pursue a great big goal while raising kids feels almost impossible! This book is for those of us who are mixing motherhood with other passions. We are raising babies while working tirelessly at an enormous goal. We are playing with preschoolers while pursuing our passions. It is difficult enough to manage a home and love on our children without adding impossible dreams to the mix. But we know you can do it, and this book can help! As a mamapreneur, being productive in the home is just as important as being productive with your business. The two go hand in hand because we juggle the kids, the home, and the business all day long. Using our time wisely in one area inevitably helps the other areas as well. We don't have the luxury of a 9-5 schedule where we can work exclusively on our business or big dream. Many of us are choosing to stay home with our kids and build our dream business in the snatches of time we find between carpools, bottles, and play dough. Others of us still work a traditional 9-5 job, so our margins in the hours-off must be balanced wisely to have time for our families as well as time to pursue other passions. The exhaustion of a 9-5 job fuels the fire for building a business where we can be our own boss. As moms, it's not possible to simply cross the home-front off the list and move on. Meals, laundry, and cleaning can't be put off indefinitely. Our families are more pleasant when they are fed, clean, and not living in filth. We get it. We live there. We've drawn from our own experiences, trials, and errors when writing this book. We type not from corner offices and conference rooms but from crusty couches and crumb-filled kitchens. We've gathered the best tips from other moms in the trenches too. So you'll hear not only what works for us, but what works for them too. This book is full of strategies used by real moms that help them to be as productive as possible in their day-to-day lives. When used together, these strategies will give you the margins you need to pursue your biggest passions instead of letting another year pass by wondering, "what if..."
