The zero point teachings are a portal of some sort and I invite you to consider an alternative view of the nature and structure of reality--to view the world in a magical and mystical way. The basic concept is that all living beings, including you, have a zero point centre within connected to the higher dimensional physics of the heart. This is the means by which "the Gods and other invisible powers clothe themselves in bodies"—as explained by mystic scholar Madame Blavatsky in *The Secret Doctrine* (1888). Just as the scientists now conceive that our huge universe grew from an infinitesimal singularity out of the quantum vacuum, so also, I am suggesting that you also have such a hidden zero point or singularity source condition--a singular I within the Heart. Further, we ourselves emerge "out of nothingness" in some mysterious way unknown to modern science and contemporary understanding, but consistent with modern views of the physics of the quantum vacuum, as void and plenum, filled with light and zero point fields. Mystic Aivanhov (1976) elaborates upon the significance of the zero point concept: "I ... engraved the symbol of the knowledge of the Initiates: a circle with a point in the center. ... Understand me once and for all: I am speaking from experience, for me it is not mere theory, all my life has been based on this symbol of the circle with its central point. This center which is in us, we must find ." (*Love and Sexuality, I*, pp. 25-6)
