Microsoft Excel 2010: The Unofficial Handbook Minute Help Guides

There hasn't been this much excitement around a Microsoft product since Windows 7 was released, but it seems that the Microsoft Office Suite 2010 is set to storm the technological market. Microsoft Excel 2010 is full of advanced features that will distinguish it from the earlier Excel software from 2003 and 2007. Among the new features are the customization of Ribbon, new charting by cell/column of data for trending, and several other Apps that can be utilized to maximize your Excel needs.

This book will show you what's new and different with the newest Excel, and help you get started using it in as little time as possible.

Minute Help Press is building a library of books for people with only minutes to spare. Checkout minutehelpguides.com to find out about current and future books in the Minute Help library.
