Religion, Society, And Psychoanalysis: Readings In Contemporary Theory

Janet L Jacobs

Religion, Society, And Psychoanalysis: Readings In Contemporary Theory Janet L Jacobs
Religion clearly remains a powerful social and political force in Western society. Freudian-based theory continues to inform psychoanalytic investigations into personality development, gender relations, and traumatic disorders. Using a historical framework, this collection of new essays brings together contemporary scholarship on religion and psychoanalysis. These various yet related psychoanalytic interpretations of religious symbolism and commitment offer a unique social analysis on the meaning of religion. Beginning with Freud's views on religion and mystical experience and continuing with those of Horney, Winnicott, Kristeva, Miller, and others, this volume surveys the work of three generations of psychoanalytic theorists. Special attention is given to objects relations theory and ego psychology, as well as to the recent work from the European tradition. Distinguished contributors provide a basic overview of a given theorist's scholarship and discuss its place in the evolution of psychoanalytic thought as it relates to the role that religion plays in modern culture. *Religion, Society, and Psychoanalysis* marks a major, interdisciplinary step forward in filling the void in the social-psychology of religion. It is an extremely useful handbook for students and scholars of psychology and religion.
