In our previous books and DVDs you were just getting your feet wet in learning and understanding glass fusing. In this book we will roll up our sleeves and venture out to discover some fun and interesting ways to manipulate the glass inside a kiln. We will start out discussing some of the embellishments that can be used to enhance your projects and find out how to set up a workshop so that you and your projects are safe. Then the fun begins as we demonstrate some projects that can really get your creative juices flowing. Some of them are quite simple to accomplish and mixing and matching them in fusing will help to enhance your future projects.
