Island Summers: Memories of a Norwegian Childhood Tilly Culme-Seymour

In 1947 Tilly's grandmother bought an island. Its name is Småhølmene and it sits just off the coast of Norway. At first sight, the island seems bare, hardly more than a collection of rocks rising determinedly out of the water. But Mor-mor, as she was known, could see that Småhølmene was more than that when she purchased it in exchange for a mink coat.

She built a two-storeyed wooden cabin on the island, an enclave against the sea water that would dash against the outlying rocks, galloping up the lagoon to slap against the moored boats. This is where Mor-mor and her young family would come every summer, escaping their mollicoddled life in the English countryside to run wild, get burnt, forage for juniper berries, thief for gull eggs and swim in the shining sea. Lean and chic, Mor-mor smoked voraciously and scandalised the local villagers by cycling to the shops in nothing but a healthy tan. She loved the island fiercely; in her otherwise turbulent life, its rugged outcrops, messy abundance and promise of absolute solitude were constants that lasted throughout the years.

This is the inheritance that Tilly embraced many years later when her own mother brought her family to Småhølmene. And when the island was in danger of being sold, she was spurred to do something that no one else had done before – she decided to spend a winter there, alone with her boyfriend. Fending for themselves, they were utterly cut off from outside help. But, in the silence of the cold, they gradually discovered that even in the bleakest of times, the island could take on new life.

Glittering and bittersweet, *Island Summers* lovingly portrays three generations of women and the island that became so irrevocably part of their lives. Now Mor-mor's great-grandchildren are taking their turn, enjoying endless summers on Småhølmene, continuing the story that was begun over fifty years ago.

So , still want to hesitate having that book? If I had been you I will go to the e-book store hurriedly.

Catherine Hudson:

In this era globalization it is important to someone to receive information. The information will make anyone to understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You can see that now, a lot of publisher which print many kinds of book. The particular book that recommended for you is Island Summers: Memories of a Norwegian Childhood this publication consist a lot of the information from the condition of this world now. This book was represented how do the world has grown up. The language styles that writer value to explain it is easy to understand. The writer made some research when he makes this book. Here is why this book suited all of you.

Elsie Wallace:

As a college student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's heart or real their interest. They just do what the teacher want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Island Summers: Memories of a Norwegian Childhood can make you experience more interested to read.
