This book supplies detailed explanations for young singers, teachers, and professional singers with "troubled" voices. Striny's previous book, *Head First*, discussed this process but without specific instructions to accomplish the task. This completely original process was conceived by Striny to correct major problems in his voice that had been caused by two separate voice teachers. The content of the process and the suggested duration of time duplicate exactly what his self-study called for in both cases. Readers will feel in tune with a philosophy generated through this endeavor, which cements self-confidence and self-esteem with the attained accomplishments. It permits you to do your tasks without overt manipulation.
