In addition to personal images, photographic images are studied in detail, both historically and scientifically. Also, propaganda is examined through visual and written images. Students will go back in time and explore images that were popular during different time periods. This investigation will require students to research the advancements in technology, as well as how these advancements impacted popular images in history.

Images, along with the other books in the Multiage Differentiated Curriculum Kit for Grades 6–8 (*Ages*, *Conflicts*, *Connections*, and *Powers*), makes teaching advanced learners easier!
