SOCIAL EYES: a book of social network statuses that project positive energy on a global scale (Nugget Series) carmen rubin

This book helps us realize that we are all connected and how social networking can be a positive tool to lift each other, on a global scale! Social Eyes is another great publication from a great author. This book of treasured quotes, poems, and stories is like reading your grandmother's heart. It's everything she told us as kids that we failed to remember, or meant to tell us but never got the chance to. What a great opportunity to be able to see these lessons on paper, and to recite the same verses with accuracy!
