**Condensed Chaos: An Introduction to Chaos Magic** Phil Hine, Peter J. Carroll

*Condensed Chaos* provides a practical introduction to Chaos Magic, one of the fastest growing areas of Western Occultism. Through it you can change your circumstances, live according to a developing sense of personal responsibility, effect change around you, and stop living as a helpless cog in some clockwork universe. All acts of personal/collective liberation are magical acts. Magic leads us into exhilaration and ecstasy; into insight and understanding; into changing ourselves and the world in which we participate. Through magic we may come to explore the possibilities of freedom.

From the author of *Prime Chaos* and *The Pseudonomicon*.
