Viviane Sassen - Lexicon Viviane Sassen

Viviane Sassen's first photo book in Japan, Lexicon includes the series by the same title which was chosen by Massimiliano Gioni to be part of The Encyclopedic Palace at the 55th Venice Biennale (2013). The thirty-one images, encompassing iconic and more recent ones, wove together the themes recurring in her work: death, mourning, the fear of being alone and the longing for an emotional connection. The profound sensitivity behind the vivid images is enhanced by a delicate book design and the use of special Japanese paper.
