Becoming an Amazon bestselling author is truly MASSIVE!

Let's face it, in the world of books – Amazon is King! They are the 600-pound Gorilla in the book publishing marketplace. Amazon is the world's largest bookstore – and making it on the Amazon Bestsellers list, means making it BIG in life! Why?

Because being a bestselling author frequently opens new doors for those determined enough to get on it.

Becoming an Amazon Bestselling author can mean:

New Media Interviews;
New Subscribers to Your Email List;
New Clients;
New Speaking Engagements;
New Royalty Checks;
New Income from Back-End Sales;
A New Level of Credibility and Expertise in Your Niche'.
And MORE!

My question to you is – Will you be one of them? Are you determined and persistent enough to become an Amazon Bestselling Author?

If you are, then the sky's the limit!

Getting on a bestsellers list triggers Amazon's powerful marketing system and it starts working to promote your book to the world!

Unfortunately, most authors will never become Bestselling authors because they have no plan and no strategy to actually sell their book. Most use the "hope" method of marketing which means that they "hope" once they publish their book that people will magically find it.

The reason people don't magically find books once they are published is because there are millions of books on Amazon and unless you are on the most searched lists on Amazon – the Bestsellers lists – then people are simply unable to find your book.

If you are NOT on a bestsellers list, then your book is invisible on Amazon.

The hardest part of writing a book isn't writing it. It's launching and selling it!

Successful launches are NOT random events. A successful launch needs a strategy and a plan to be

successful.

What if, instead of publishing a book and hoping it sells, you had an actual concrete plan — a proven way to sell, promote and market your book?

During the past 3 years, To date, I have helped over 3 dozen authors become #1 Bestselling Authors...and I can help you! I've developed a proven, step-by-step system that works consistently and predictably 100% of the time.

In this book, I am sharing with you everything I've learned during this time and laying out my exact proven system, step-by-step, that I use with my clients to get all of their books to the #1 spot on Amazon's bestsellers list.

Once your book makes it to the top of the Amazon Bestsellers list (ideally #1), then Amazon start to promote your book in countless ways on your behalf!
