Danburn: The English Dragon (Volume 1) Kathi S. Barton

Danburn English is the ninth earl of the English castle. He and his dragon alter ego have been on this earth for a very long time. Danburn is accustom to his orders being followed to the letter, no questions asked, so when this feisty young woman bucks his authority he is beyond angry. Kendrick Barrera can't seem to get caught up. Every time she turns around, her sister is in trouble again. Now, because of her sister's new mess, she's being evicted and has nowhere to go. Danburn's intentions were to defend her honor, but when Kendrick intervenes, she steps in front of a punch intended for her mouthy landlord. Now Danburn has to step back and take a good long look at himself, and he doesn't much like what he sees. Kendrick doesn't care for the overbearing lord of the manor and makes no bones about telling him so either. No one, especially him, is going to tell her what to do or how to act or dress. There is something about the feisty woman that has touched Danburn's heart. She has a rare honesty and bravery that has him take notice. A woman like that is hard to find and should be protected and cherished. The chemistry is there, they've both felt it, but controlling his mouth just might get in the way of winning Kendrick's heart....
