With no memory of her prior existence, Tess materializes from the snow each winter on the bank of a frozen lake in the Wasatch Mountains. She lives with two other young women she calls her sisters, doing their best to blend in with the humans around them. They find local jobs and live in a cabin near the lake where they are "born"—the same lake they must drink from every day to survive and the lake they will return to each spring when the snow begins to melt.

To protect themselves from discovery, Tess and her sisters avoid human relationships as much as possible, but when Tess meets Lance Taylor, she feels a connection she's never felt before. Tess will need Lance more than ever as she discovers the truth about her human life, the mysteries of the lake and the series of painful events that led to her current existence.

The Soulstice is the first book in The Dead of Winter series.
