John Neff

John Neff on Investing John Neff

John Neff is a life-long contrarian, proving time-and-again over the past three decades that bucking the system can pay off big. During his illustrious career as a money manager, Neff flew in the face of conventional wisdom by consistently passing over the big growth stocks of the moment, in favor of inexpensive, under performing ones-and he usually won. During his thirty-one years as portfolio manager for Vanguard's Windsor and Gemini II Funds, he beat the market twenty-two times, through every imaginable stock market climate, while posting a 57-fold increase in an initial stake. When Windsor closed its doors to new investors in 1986, it was the largest mutual fund in the United States.

Now retired from mutual fund management, Neff is finally ready to share the investment strategies that earned him international recognition as the "investor's investor", and made him the one to whom other money managers come to manage their money. In *John Neff on Investing*, Neff delineates, for the first time, the principles of his phenomenally successful low p/e approach to investing, and he describes the strategies, techniques, and investment decisions that earned him a place alongside Warren Buffett and Peter Lynch in the pantheon of modern investment wizards.

Packed with solid advice and guidance for anyone who aspires to using Neff's unique brand of value investing, *John Neff on Investing* offers invaluable lessons on using price-earnings ratios as a yardstick, to zeroing in on undervalued stocks, interpreting earnings histories and anticipating new market climates. A narrative of Neff's early days-My Road to Windsor-reveals the extraordinary mindset and humble circumstances that shaped his winning investment philosophy. By reproducing excerpts from his personal investment diaries, this book offers a unique opportunity to watch Neff in action over the years. A faithful, quarter-in-quarter-out chronicle of a life on Wall Street, the diaries provide unprecedented insights into the thinking behind some of his best (and worst) investment decisions, while tracing the evolution of his innovative investment style.

The first book to fully reveal the long-heralded investment strategies of a Wall Street genius, *John Neff on Investing* is must reading for investors, brokers, traders, and bankers of every kind.

JOHN NEFF, until his retirement in 1995, was Senior Vice President and Managing Partner of the Wellington Management Company, the Windsor Fund's investment advisor.

S.L. MINTZ, is New York Bureau Chief of CFO Magazine, a publication of the Economist Group dedicated to the latest financial thinking and how it is being implemented in today's markets. His other books include *Beyond Wall Street* (Wiley, 1998) and *Five Eminent Contrarians*.

Typically the book John Neff on Investing has a lot of knowledge on it. So when you read this book you can get a lot of benefit. The book was written by the very famous author. The writer makes some research just before write this book. This particular book very easy to read you can find the point easily after looking over this book.

Anthony Lucas:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's heart or real their interest. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this John Neff on Investing can make you really feel more interested to read.
