More&More is an art and research project that explores the language and mechanics of global trade, container shipping, and the exchange of goods. It questions a mercantile structure that by necessity disallows the presence of ocean as a real space in order to flatten the world into a Pangaea of capital. The project is presented in two volumes, released in conjunction with an exhibition of Marina Zurkow's work (with collaborators Sarah Rothberg, Surya Mattu, and others) at bitforms gallery in New York City in February 2016. This book, More&More (The Invisible Oceans), is a catalog of the exhibition, featuring many full-color images of the art on display (including video stills, bespoke bathing suits, and fungal sculptures), as well as an introduction by Marina Zurkow and a conversation between Zurkow and international curator Kathleen Forde.
