**SAT Identifying-Sentence-Errors Companion to the Official SAT Study Guide: Explanations for All 180 Identifying-Sentence-Errors Questions in the College Board's 2nd Edition Official SAT Study Guide** Ganghuai Wang Ph.D.

By explaining all the 180 identifying-sentence-errors questions in the Official SAT Study Guide (2nd edition) published by the College Board, this book shows you how the errors should be corrected so that you will better understand the reasons why they are errors.

Although most of the questions in which there are no errors need no explanation, explanations for some of those questions have been provided. Some grammar terms have been used in this book to try to make the explanations more exact and more concise. If you happen not to know the meanings of some of the grammar terms, you can pick up a grammar reference book to look them up.

To use this book, you must already have the Official SAT Study Guide (2nd edition) published by the College Board, because this book does not contain any of the original questions in the Official SAT Study Guide.

In order to benefit the most from this book, you are strongly advised to first finish answering the questions in a section of a practice test in the Official SAT Study Guide and then come to the corresponding section in this book to read the explanations.

In the summary at the end of this book, some of the common categories among all the 180 identifying-sentence-errors questions are listed in alphabetical order with the question numbers that fall in each category being included. You can use that summary as an index to the common question types found in all the 180 questions in the Official SAT study Guide.

A note on the formatting of this book is in order: some aspects in formatting this eBook (including the space between the question number and the first word in each explanation) are beyond this author's control because they are controlled by Amazon Kindle Direct Publishing.

Check out the "SAT Sentence-Completion Companion" book written by the same author, who can be reached at FairfaxSAT.com.
