Any entry-level angel or demon would sell their soul for Ronnie's job—retrieval analyst for the largest search engine in the world. Ubiquity is a joint initiative between heaven and hell. Because what better way to track all of humanity's secrets, both good and bad, than direct access to their web browsing habits?

She might appreciate the position a little more if: a) she could remember anything about her life before she started working at Ubiquity, b) the damned voice in her head would just shut up already, and c) her boss weren't a complete control freak.

On top of that, her best friends are acting strange—researching coconuts in Fiji? Her mentor, Lucifer, is acting cryptic—more so than normal. And the two most powerful angels in history are there whenever she turns around—Gabriel seducing her, and Michael pushing her away. Worse, Ronnie's in danger of falling for Michael. Not a good idea...*because demons and angels don't date.*

Ronnie's struggling to keep her sanity and job, while stopping the voice in her head from stealing her life. She almost misses the boredom of retrieval analysis at Ubiquity.

Almost.

Publisher's Note: *This book was previously released as Uriel's Fall under Allyson Lindt's pen name, Loralie Hall. It has been revised, edited, and the POV changed to third person for this re-release.*
