This is a pocket sized Homeschooling Workbook that will quickly become a treasure! Your child will adore the detailed pictures and coloring pages of nature and animals. You will love watching your child learn Bible verses!

Now your child can hide God's Word in his or her heart while learning to spell. This little book doesn't just focus on how to spell, but offers your child a chance to learn 20 beautiful and meaningful Bible verses.

Why waste your child's time and energy on long lists of meaningless spelling words? This book offers a fun and stress-free way to learn how to spell, while helping your child to understand each word in the context of the Bible.

First your child will read, write and color the Bible Verse and focus on 5 special words in each verse. Your child can use one to four pages per day. After completing four pages your child is rewarded with a coloring page.

Depending on your child's abilities he or she will be prompted to write a poem using the spelling words OR write the definition of each spelling words at the end of the book. Either method will help your child master the meaning of the word. Older students can do both activities.

This workbook uses the Open Dyslexic Font like most books by The Thinking Tree, LLC, and encourages coloring to help with memory and relaxation.

This book also offers the student an opportunity to practice cursive.

This is a very sweet little workbook and can be used for ages 8 to 14.

If you would like to have a beautiful opportunity to learn 20 verses from the Bible while being an excellent example to your child, buy one of these books for yourself.

Unlike many workbooks that are tossed in the trash and forgotten, this one has eternal value, and you will not feel like you are wasting your time as you learn the verses too.

The best way to teach a child is to be an example, that's why we strongly encourage parents and older siblings to use this book along side younger children.
