Career Strategy: A Simple Framework for Getting to Where You Deserve to Be Ben Brearley

Many people jump from job to job, without a conscious approach to get to where they want to go. Others drift along on their current path because they haven't thought about what they really want to be doing. If you're someone who knows you deserve better and want to take control of your own destiny, then this book is for you.

Everyone who cares even a little about their career can benefit from developing their own Career Strategy.

Inside this book you will discover:

- A definition of what a Career Strategy is and why it can help you
- The causes of common career maladies and how they can be solved by having a strategy
- A simple framework to develop your own Career Strategy
- Guidance on creating a vision for your career, to guide you
- Instructions for setting goals that are in alignment with your overall vision, to keep you heading the right direction
- A guide to help you understand the skills, experience and competencies you need (and don't need!) to achieve your vision
- Guidance on developing a set of actions that will improve your competencies to get you to where you want to be
- A guide on "life factors" that you should be considering when creating your own Career Strategy
- Practical advice on applying your strategy to your career, so that you can reap the rewards

Using this book, you will:

- Learn how to create your own Career Strategy
- Develop a sense of purpose for your career and a feeling of control over your destiny
- Have a structured approach to break down your aspirations into achievable steps
- Understand how you plan to get to where you're going
- Have a framework for making better career decisions as you pursue your vision.

I wish you luck on your career journey and your quest to improve - get the Career Strategy eBook today!
