Kareena wasn't always the bad girl who grew up in the harsh area of Creek. She originally came from a great family with good money. The problem at home was that she didn't get the attention she wanted so like any other young curious child growing up in dysfunction, she ventured to fill her void. After searching, she found Hakeem to be her answer. Hakeem was gorgeous. He was your typical light skinned, fit, well dressed, man that any young girl would fall for. Unfortunately for Kareena, he was nothing but trouble. He was a well known drug dealer who was often caught at the club sellin dope and runnin the streets making his money. Because she was so in love with him and the materialistic things he was able to provide for her, she didn't see that being with him was such a bad idea. That was until some unexpected news was revealed to her, making a drastic turn in events for the young couple.
