This book contains 25 lessons and 6 principles I had to learn on my journey of understanding women and how to deal with them. The main goal was to create something that helped men but didn't objectify women. This isn't a PUA guide. This won't teach you 5 lines to use to get her in your bed tonight. This is meant to teach you how to make it so you can desire women instead of needing them. Just think about it for a second. A nice guy who can't get girls is miserable. A PUA who does nothing but get girls eventually becomes miserable when he can get them with ease. They both put too much emphasis on women. Focus on bettering yourself. Let women find you.
