A Workbook to Communicative Grammar of English Edward Woods, Rudy Coppieters

The companion text to *A Communicative Grammar of English (CGE)*, this workbook presents an opportunity for practising the points raised in the main grammar.

The units follow the order of sections in Part One and Part Two of CGE; at the beginning of each sub-unit there is a brief explanation of a particular structure followed by a series of tasks, ranging from gap filling exercises to rewrite assignments and conversational passages in which the student is invited to participate.

With authentic material and a variety of different task types graded by difficulty, this is an indispensable resource for teachers and advanced students with a good grounding in the grammar of the language.
