Ice miner Riley works alone in the depths of space, and that's the way she likes it. She's proud of her independence, and when her ship gets destroyed by raiders on the icy surface of Galileo, she's not sure she wants to rely on rakish trader Leo and the kindness of a band of settlers to survive.

Despite her attempts to keep her distance, it's not long before Riley warms to the family atmosphere of the settlers' station. As Galileo's Holiday approaches and she develops feelings for the handsome, charming Leo, she questions whether she really wants to remain alone.

But Leo is hiding cargo the raiders want, and when they come back for it, everyone on the small station is in danger. Riley will risk anything to protect her new friends—because if the raiders succeed, the choice between Leo and a life alone won't be Riley's to make.
