## **Green IT for Sustainable Business Practice: An ISEB Foundation Guide** Mark G. O'Neill

It is widely cited that the IT industry is responsible for the same level of carbon emissions as the aviation industry, and experts predict that these emissions will double in the next few years. There is consensus in the industry that organisations have a responsibility to cut their emissions and legislation is in place to make this mandatory. The book provides the tools to create an action list of Green IT requirements. It is primarily aimed at IT service providers but also contains advice for the general IT user.
