**Puntuaciones freudianas de Lacan: Acerca de Mas allá del principio de placer (Spanish Edition)** Diana S. Rabinovich, Juan Carlos Cosentino

Este libro, que responde a la necesidad de realizar una articulación entre los textos fundamentales de Freud y la lectura que de ellos realiza Lacan, reúne un ciclo de conferencias realizado en 1991 en la Facultad de Psicología de la Universidad de Buenos Aires, auspiciado por el Centro de Estudiantes de dicha facultad. Como punto de partida se eligieron los primeros cuatro capítulos de 'Más allá del principio de placer'. Las conferencias aquí recogidas cumplen con la meta propuesta: el comentario detallado del texto freudiano en su relación con la lectura lacaniana del mismo.

Cuatro ejes teóricos organizan las ocho conferencias, agrupadas temáticamente en cuatro pares. El primero de ellos examina la experiencia de satisfacción freudiana en su relación con el deseo y el goce; el segundo, los sueños traumáticos y el fort-da; el tercero, el concepto de compulsión a la repetición, y el cuarto y último, la angustia traumática, la ruptura de la membrana protectora contra los estímulos y el más allá freudiano en su articulación con la topología lacaniana de la Cosa y la angustia.
