**The Geographies of Peace: New Approaches to Boundaries, Diplomacy and Conflict Resolution** Nick Megoran, Fiona McConnell, Philippa Williams

We are frequently beset by images of war and hostility in the media, and politicians seem constantly to be in search of a means of peaceful resolution to conflicts around the world. But what do we mean by peace? Is peace simply an absence of war? When discussed by politicians, journalists, academics, even activists, it is frequently assumed that we all know: peace is left undefined.

*Geographies of Peace* is the first book wholly dedicated to exploring the geography of peace. Drawing on recent theoretical developments and detailed empirical research from around the world, the contributors argue that it is necessary to conceptualize peace as richly as recent scholarship has done with regard to war.

#### **Veronica Shriner:**

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this The Geographies of Peace: New Approaches to Boundaries, Diplomacy and Conflict Resolution can make you really feel more interested to read.
