In 1989, shortly before his execution, Ted Bundy met with Robert Keppel in what would be his final confession to the events that had occurred some years prior in Washington State. Although much of this confession has been published in other forms and through various media outlets, this is the original version of that confession as provided by an FOIA request made in June of 2015. It was released to me in transcribed form by the King County Sheriff Office. What has been written of Bundy's killing spree in Washington to date has not addressed the years prior to 1974 nor the events that happened leading up to the spring of 1974 when Bundy murdered several women in an escalating fashion.
