Monkey Girl: Evolution, Education, Religion, and the Battle for America's Soul Edward Humes

What should we teach our children about where we come from?

Is evolution a lie or good science?

Is it incompatible with faith?

Have scientists really detected evidence of a creator in nature?

From bestselling, Pulitzer Prize-winning author Edward Humes comes a dramatic story of faith, science, and courage unlike any since the famous Scopes Monkey Trial. *Monkey Girl* takes you behind the scenes of the recent war on evolution in Dover, Pennsylvania, when the town's school board decision to confront the controversy head-on thrust its students, then the entire community, onto the front lines of America's culture wars. Told from the perspectives of all sides of the battle, it is a riveting true story about an epic court case on the teaching of "intelligent design," and what happens when science and religion collide.
